Reviews

It is great and fantastic. I actually have read and so i am certain that i am going to going to go through once again yet again in the future. I realized this ebook from my dad and i encouraged this book to find out.

OCLC Number: (OCoLC)48763792 Subject: Agricultural conservation -- Law and legislation -- United States. Excerpt: . . . ble agriculture. A whollyvoluntary new program is established, the Conservation Security Program, which will provide payments to farmers who practice sound conservation on working farmland, and funding is dramatically increased for the Environmental Quality Incentives Program. The legislation also includes new programs and enhanced funding for conserving and improving private forest lands. Rural community development The Committee is also well aware that rural America involves much in addition to agricultural production. Only six percent of rural Americans live on farms, and less than two percent of the U. S. rural population is engaged in farming as a primary occupation. Fewer than one in four farm families receive the majority of their income from farming, and so are dependent upon the rural economies around their farms. Seven out of eight rural counties are dominated by varying mixes of manufacturing, services and other non-farming activities. While rural development has traditionally focused much attention on providing physical infrastructure to rural areas, this bill, in addition to supporting infrastructure, includes a number of innovative and creative new approaches to rural revitalization. For instance, the bill authorizes the National Rural Cooperative and Business Equity Fund to spur rural economic growth by generating the investment capital critical to rural business development. Farm-based renewable energy While U. S. agriculture has been a long-time world leader in food and fiber production, the Committee recognizes that American farms can also generate abundant renewable energy. Indeed, much of the nations renewable energy potential is found on agricultural lands and in rural areas. Ethanol, biodiesel, wind, biomass and hydrogen energy could become a m. . .
