Taylor Francis Inc, United States, 2003. Hardback. Book Condition: New. 240 x 157 mm. Language: English . Brand New Book. While many methods texts have an add-on chapter on technology, this book integrates the use of technology into every phase of the teaching profession. Filled with decision-making scenarios and reflective questions that help bring the material to life, it covers the development of teaching technologies, developing lesson plans, and actual instructional models in history and social studies. An appendix provides sample lessons, sample tests, a list of resources, and other practical materials.
