Reviews

Merely no words to clarify. I could comprehend every little thing using this created e pdf. I am just effortlessly could possibly get a enjoyment of reading through a created publication.
(Mr. Ari Powlowski)

HOSTAGE RESCUE MANUAL

To read **Hostage Rescue Manual** PDF, remember to click the web link beneath and download the ebook or have accessibility to other information which are in conjunction with HOSTAGE RESCUE MANUAL book.

Pen & Sword Books Ltd. Paperback. Book Condition: new. BRAND NEW, Hostage Rescue Manual, Leroy Thompson, Hostage Rescue Manual is a comprehensive, illustrated source on the dynamic operations which have saved hundreds of lives in hostage situations around the world. It is based on strategies that have proved successful in numerous incidents, including the landmark SAS rescue at Prince's Gate, London, and is compiled by an author with intimate and practical knowledge of the field. The success of a rescue is often determined in the hours leading up to confrontation. Once an incident has been 'contained', a large share of the responsibility for a successful conclusion rests with the hostage negotiator, whose job it is to save the lives of both hostage and hostage-taker. But if negotiations fail, it becomes necessary to send in the hostage-rescue team to resolve the situation by force and skill. The Hostage Rescue Manual explains the complex factors that determine the entry methods undertaken by a team, with discussion of the pros and cons of stealth versus dynamic approaches, plus the significance of distraction in securing successful site entry. Operations in widely differing locations, from nuclear power plants to airliners are detailed, as are the range of special weapons available to the men and women tackling each incident. We learn of the multiple roles played by participants, such as the use of snipers as intelligence sources. With vivid photographs and diagrams of rescue units in action, this is the complete reference work on counter-terrorist procedures all over the world. This revised edition brings the book completely up to date with an entirely new section devoted to developments in hostage rescue since first publication, among them operations in Russia and Iraq.
