## LINGUISTIC ANTHROPOLOGY: A READER (WILEY BLACKWELL ANTHOLOGIES IN SOCIAL AND CULTURAL ANTHROPOLOGY)

[DOWNLOAD](#)

Wiley-Blackwell, 2001. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: "Framed by an excellent historical introduction, Duranti's reader provides students and scholars alike with a sophisticated yet accessible introduction to the range of topics and approaches that make up modern linguistic anthropology. The readings, linked by concise and thoughtful introductions, include a judicious mix of classic articles and new research. This collection should provide a definitive vision for linguistic anthropology for a long time to come." Bradd Shore, Emory University "Very well organized and selected, and thus an excellent teaching resource, this reader provides perspective on the coherence of linguistic anthropology as a field. It can also be flexibly tailored to bring a linguistic approach to most arenas of topical interest to contemporary anthropological research." George Marcus, Rice University "I would like to acknowledge that I am glad Duranti made this compilation. Many of the articles included have been and in many cases still are examples of highly innovative scholarly work on issues of language related to culture. It provides an excellent (and long overdue) discussion of terminology, American linguistic anthropology's development within Cultural Anthropology, its subsequent drift away from anthropology towards an independent discipline increasingly focused on theoretical anthropologists in the late 1960s, and its reestablishment as a subfield of anthropology in the 1980s-90s. As a textbook this reader makes a very useful teaching aid, as a source book it provides valuable insights into the discipline of linguistic anthropology." Linguist List "Alessandro Duranti has succeeded in compiling an excellent reader that many instructors and students will find useful as an introduction to key works in linguistic anthropology. Leaders in the theory and practice of contemporary linguistic anthropology are well represented, and all of the articles are excellent; indeed, most are recognized as contemporary...
